ONLY THE BEST WILL DO

Sending a child to a long term facility is hard. You do thorough research to make sure that every detail matches up. Your standards are high and no aspect of your child's care can be overlooked.

BUT THERE'S ONE THING THAT YOU WANT MORE THAN ANYTHING

You want your child to be happy. You want to put a smile on their face and make them as comfortable as humanly possible under the circumstances.

You don't want to rely on just the medical expertise. You want a compatible environment that respects and loves the life you live.
